AMM04EU | Targus Laser Pen Stylus

The Targus Laser Pen Stylus for Capacitive Devices makes it easy to take notes, draw, play games or simply turn a page. This accessory not only functions as a stylus but also features as a built-in pen and laser pointer. Featuring a durable rubber tip that won't scratch the surface of your device, this stylus allows you to type accurately and comfortably. The tip of the stylus engages directly with your electronic, touch-screen device and instantly works right out of the box.

If you need to write down meeting notes the the stylus conveniently functions as a pen. The Laser Pointer at the other end of the stylus allows you to quickly and easily highlight content for discussion with a push of a button. The Lase Pen Stylus stylus is a convenient, all-in-one media tablet accessory for business and personal use.

Functionality - Allows users to type accurately and comfortably; use to take notes, draw, turn a page, play games, slide, draw and double-tap zoom; soft, durable rubber tip won't scratch screen; Stylus also functions as a laser pointer and ballpoint pen for traditional note-taking

Compatibility - Stylus works with Capacitive Touch devices such as Tablets, iPad®/iPhone, Blackberry Storm and more; Pen uses standard D1 refill and includes one additional refill
